Please answer the questions below in the space provided.

Why do you plan to pursue a science-based career?

Why do you intend to pursue a graduate degree?

Please complete the following two pages for each of your chosen research preferences.

Research preference I

What are your two main reasons for selecting this research focus?

What do you hope to achieve as an Amgen Scholar in this research area?

How will an Amgen summer research project in this area, specifically at the LMU, help you to achieve your future goals?

Do you have experience related to this research field? Please explain, and also note that previous lab experience is not required.

Please list, in order of preference, up to three LMU Munich participating labs in this research area which you find particularly inspirational.
